Call for Papers

After successfully organising the sixth conference of this series, [International Association for Educators and Researchers \(IAER\)](#), registered CIC (Community Interest Company) in England and Wales, is happy to arrange the Seventh International Conference on Computing, Electronics and Communications Engineering 2025 (iCCECE '25), which will be held from 11th – 12th August, 2025, at University of Bradford, UK.

The conference will draw together researchers and developers from academia and industry. **The Proceedings of the past iCCECE conferences are available online in [IEEE Xplore](#).** Selected papers for consideration for further publication from the conference may be recommended for the following journals, as shown in the table below. This will be after they have been asked to be substantially extended and enhanced. However, the journals' respective Editor-in-Chief and the members of the Executive Board will make the final decision about the inclusion of the papers.

IAER Journal Name	Publisher	Major Indexing / Impact Factor
Annals of Emerging Technologies in Computing (AETiC)	IAER	Scopus (Q2, CiteScore: 3.5 (2023)), ISI ESCI (evaluation under process)

There will be a range of events from keynote addresses, technical and poster sessions, workshops and tutorials. The formal sessions will be supplemented by an excellent social programme.

Paper Submission (Main Conference)

Work in progress, research papers, survey papers, application and theoretical papers, poster presentations and position papers for the workshop are all welcome.

Full papers, with a maximum length of eight pages, adhering to the IEEE conference paper formatting (Read [Submit Paper](#)), should be submitted using the [Microsoft Conference Management Toolkit \(CMT\)](#).
